|----------------|----------------------|--------------------|---|---------------------|
| Category       | : Finished Goods     | Date&Time Received | : |                     |
| Name of Sample | : Herbycin Syrup     | Date&Time Released | : | 09/29/2026 10:00 AM |
| Date Mfd.      | :                    | Batch/Lot No.      | : |                     |
| Expiry Date    | :                    | Batch/Lot Size     | : | N/A                 |
| Purpose        | : Microbial Analysis | Fill Vol./Wt.      | : |                     |
|                |                      | Requested by       | : |                     |
|                |                      | Logbook            | : |                     |

| PARAMETERS                 | SPECIFICATIONS          | ACTUAL RESULTS |         |
|----------------------------|-------------------------|----------------|---------|
| ANALYSIS DESIRED:          | Standard Specifications | Results        | Remarks |
| Standard Plate Count (SPC) |                         |                |         |
| Molds and Yeast (MY)       |                         |                |         |
| S. aureus                  |                         |                |         |
| E. coli                    |                         |                |         |
| Salmonella                 |                         |                |         |
| Enterobacteriaceae         |                         |                |         |
